

REGULATIONS FOR USE OF SCHOOL FACILITIES

Procedure for Requesting Facilities

All requests for the use of facilities by ALL groups/organizations shall be made through the principal's office. Requests shall be submitted on the district application form at least three (3) weeks prior to the date the specified facilities are desired.

Requests shall then be forwarded to the Superintendent's Office for final approval.

No reservation will be made until the application and certificate of insurance are returned and approved by the Superintendent (see Responsibilities of the User).

Users will be billed after the event in accordance with the schedule of usage fee or rental charges. All checks should be made payable to the Northern Tioga School District.

Organizations and groups using school facilities must designate one (1) adult member of its group to be in charge of and responsible for the program or activity at the time application for use of the facilities is made. This person shall in turn be responsible to the principal of the school in which the event is taking place.

The Northern Tioga School District reserves the right to request an organization to arrange security personnel to be present in the case of large group meetings. The exact number of security personnel required and rates to be paid will be determined by the school district, and/or local police department.

There will be no eating or drinking in auditoriums, gymnasiums, the LGI, or in any room not reserved for that purpose.

Only gym shoes or sneakers shall be permitted on gym floors when they are used for sports.

When stage facilities are used, the organization will provide stagehands or operators to operate the scenery. If there is a request for audiovisual equipment to be used, district personnel must be used to operate lights and the soundboard at a rate established in the fee schedule. If district operators are not available to operate the lights and sound system the facility request will be denied.

Putting up decorations or scenery, moving pianos or other furniture is prohibited unless special permission is granted by the district.

Scenery or other property will not be stored in school building without special permission from the district.

The Board assumes no responsibility for properties left on the premises by the approved user.

Responsibilities of the User

A certificate of insurance with liability coverage of at least \$300,000 and naming the Northern Tioga School District as an additional insured must accompany applications.

The user of any school facility must assume full responsibility for personal injury to participants and spectators. Please consider this statement our Hold Harmless Clause. By signing the attached Facilities Request Form you are agreeing to the district's Hold Harmless Clause.

Any group using the facilities of the Northern Tioga School District is required to restore to original conditions any property destroyed or suffering from more than normal wear and tear. The Northern Tioga School District shall be the sole judge of destruction of property or excessive wear and tear.

The user is responsible to financially restore any property destroyed or suffering from more than normal wear and tear.

Human blood, body fluids, and other body tissues are widely recognized as vehicles for the transmission of human disease. In the event an area or item is soiled with body fluids (vomit, blood, urine, feces, etc.), user must contact district custodial staff to disinfect the area/item. Under no circumstances should the user attempt to clean up the soiled area/item.

Use of Custodial, Cafeteria, Audiovisual Staff

Whenever the service of any off-duty custodian is required, or if one is required to remain after the normal workday, the user will be billed at the established rate for overtime including additional time for opening and closing the building (one-half (1/2) hour before the event and one-half (1/2) hour after departure of all participants).

Use of school cafeterias with kitchens for functions requiring catering service will be under the general supervision of the building principal and food service director/head cook. A member of the cafeteria staff must be on duty at all times and will be billed at the established rate.

When using stage facilities or audiovisual equipment, the user will be billed a rate established for audiovisual staff.

Payment for overtime will be made by the school district. The school district will then bill the organization for reimbursement. At no time is an organization to pay the employee directly.
