**Restricted Enrollment

Course Delivery Methods

IFTF: In-Person Face-to-Face provides live teaching and learning experiences with all students and instructors physically in the same room.

TFTF: Technology-Connected Face-to-Face provides live teaching and learning experiences with students and instructors present at their choice of NPRC instructional sites or locations connected through video conferencing.

WEB: Web-based provides instructor-led teaching and learning experiences with no live class meetings.
RTT: Real-Time Technology provides live teaching and learning experiences with all students connected remotely/virtually through video conferencing.

RTT: Real-Time Technology provides live teaching and learning experiences with all students connected remotely/virtually through video conferencing.

HYB: Hybrid mixes in-person face-to-face and/or technology-connected face-to-face teaching and learning experiences with web-based teaching and learning experiences.

MHYB: Modified-hybrid mixes technology-connected face-to-face and/or web-based teaching and learning with limited in-person face-to-face hands-on teaching and learning.

HFLEX: High-flex mixes in-person face-to-face, technology-connected face-to-face, and web-based teaching and learning, allowing students to choose the format that best meets their scheduling needs on a class-by-class meeting basis.
