

NTSD 2021-2022 COVID-19 Weekly Dashboard

The information provided on this page reflects positive, documented COVID-19 cases reported within Northern Tioga schools or buildings for this week. This dashboard was created to provide the Northern Tioga community with the most up-to-date COVID-19 data related to the Northern Tioga School District. Unlike the previous school year, school districts are not currently required to follow a matrix of student and staff case counts as a method of determining when to close a school building and this page is intended to be *informational only*.

Building	Enrollment	Number of Cases
R.B Walter Elementary School	499	0
Clark Wood Elementary School	296	1
Westfield Area Elementary School	317	0
Williamson High School	558	3
Cowanesque Valley High School	321	1
